To Our Valued Customers,

We have the pleasure of informing you that MIFAB, INC. has purchased the Hersey Meters BEECO® backflow preventer product line. We are pleased this line will continue to be available to our customers who have purchased BEECO® products since the 1940's.

The acquisition was completed November 15, 2007 and included all BEECO® backflow preventer sizes, 3/4" to 10" of models FDCII, FRPII, NO.2, 6CM, 6CMDA and DDCII backflow devices and parts manufactured.

Starting December 1, 2007 all orders for Backflow parts should be entered directly with MIFAB.

As always, the motivation to serve our customers better is the driving force in making this decision. By limiting the scope of peripheral products offered, it allows us to focus on bringing new metering products to the market. Please contact me if you have questions or concerns.

Sincerely,
